Serving our customers with expertise for over 65 years

Our extensive product line includes these fine manufacturers:

Ebara Pumps

Municipal, Commercial, and Industrial. Wastewater Pumps, Centrifugal Pumps, Sump Effluent Drainage Pumps, Stainless Steel and Explosion Proof Pumps, EP1 Packaged Above Grade Valve Vault

Landia

Electric, Submersible, and Dry Pit Chopper Pumps, Jet Mixers/Aerators, Also Available in Stainless Steel Construction

Carry Manufacturing - Pumps/Controls

Stainless Steel Axial – Flow Submersible Pumps, Vertical and Horizontal and Screened Versions Available

Calpeda

Full Line of End Suction, In-Line, Sump, Drainage, and OEM Pumps

Garbarino Pumps

Centrifugal & Positive Displacement Pumps

DP Pumps

Stainless Steel Vertical Multistage Pumps for Water Booster & Process Pumping

Simflo Pumps

Turbine Pumps of Various Designs: Deepwell, Submersible, Booster Can, Underground Discharge & Short Coupled

Victor Pumps

Centrifugal, Self-Priming, Solids Handling, Rotary Gear

Metropolitan Industries

Constant Pressure Booster Systems, Prefabricated Pump Stations in Fiberglass or Steel Enclosures

HDL

Solids Handling Ball Check Valves - 1.50" to 24" Diameter, Cast Iron and Stainless Steel Construction Available

United Concrete

Custom Engineered Prefabricated Precast Concrete Pump Stations, Vaults, Prefabricated Buildings

Bio-Organic Catalyst

Treatment Catalysts to Eliminate Odors (Ammonia & H₂S), Solubilization of FOG's (Floating Grease), Increase Dissolved Oxygen (DO), Reduce Sludge Volumes & Energy Usage, Enhance Biological Nitrogen Removal, Improve Collection Systems, Break Down BioFilms & Organic Binders, Supercharge Oxidation Rates

Ixom Watercare

GridBee AP500 Portable Air-Powered Wet Well Mixer to Dissolve Grease Accumulation, Mix and Suspend Solids, and Minimize Clogging from Non-Flushables

Smith & Loveless

Factory Built Pump Stations, above and below grade, Water & Wastewater Packaged Treatment Plants, Fixed Activated Sludge (FAST), Membrane MBR Treatment Plants, Pista Grit Removal Systems, & Filtration

Sensaphone

Remote Monitoring and Telephone Dialing Systems, Programmable Control & Communications, Networking & Data Logging. Sentinel Cloud Based Monitor, IMS 4000 Infrastructure Monitoring.

Unitronics

M90Micro-OPLC, Vision, Uni-Stream and SAMBA OPLC HMI Graphic Operator Panels, Programmable Logic Controllers and VFD Drives

Yaskawa

IQ Pump Controllers, Industrial & Commercial Adjustable Frequency Drives (VFD's) for the Water & Wastewater Industry

TecnoPlastic

UL Certified Float Switches Sewage and Industrial Wastewater Facilities and for Pump Stations. Ideal for Heavy-Duty Applications

OmniSite

Remote Monitoring including Cellular Telemetry for Data Logging and Real Time Maintenance with a Web Portal or Mobile App; Can Backup or Expand Traditional Data Systems. Models Include Crystal Ball, XR50, and OmniBeacon

Phoenix Contact

Spread Spectrum Radio Control Technology, Radio Modems

Precision Systems

Factory-Built Standby Generator Modules, Completely Wired & Piped Within Housing – 10 Kw to 1000 Kw, Wet Well Aeration, Chem Feed Housing, Packaged Pump, Generator & Control Pump Station. Above Grade, Partial Bury and Walk-In units

Opti-Float

Lead free and Mercury free level detectors. Uses Fiber Optic Cable instead of Copper Wires. Uses Light instead of Electricity to Detect Water Levels

Control Systems

Electrical Controllers for the Water & Wastewater Industry: Simplex, Duplex, Triplex, Indicator, Process, Pump, Annunciators & Communications and Custom Control Panels

DIY Controls

Our online store featuring Sensaphone and other Remote Monitoring Products and Automatic Water Shutoff Valves from Floodstop, Floglogic, Leak Defense, Floodmaster, and Watercop.
